Before measuring your ring size, make sure you have printed this guide on a full A4 size (21 x 29.7 cm) page and scaled to 100%.

To check that the Ring Size Chart has been printed properly, place a credit card on the shape below and it should be the same size.

Find a ring that comfortably fits the finger you want your new ring for and is similar in the shape and style to the one you want to purchase.

Place your ring over the circles on the right until the inside of your ring lines up with the circle edge. If your ring falls between two sizes, we recommend ordering the larger size.
